

Lone Wolf/DPN Clients Unite in Vegas

Las Vegas, NV – Lone Wolf Real Estate Technologies is hosting their first-ever client based summit this October 14-16th at the Mandalay Bay Resort & Casino in Las Vegas, NV. This milestone event will set the bar for technology companies everywhere as Lone Wolf transforms clients into partners.

North America's industry leader, Lone Wolf Real Estate Technologies has invited over 500 clients, some of the largest and most successful brokerages in US and the Canada to come together at the 2009 Lone Wolf/DPN Partner Summit.

The event is has been designed to have these top brokers, owners and managers really be a part of the solution by providing their invaluable feedback and ideas which will be used to help shape the future of Lone Wolf. They are planning a content rich agenda and providing the rare opportunity for clients using the same products to network, share best practices and learn valuable industry and product information. The conference schedule also includes a client panel, program training for both the DPN and RMS back office systems and special sessions on today's hottest topics.

Never before has a private software solutions company created an opportunity like this for clients to download their wish lists right to the source, giving them more decision power in the systems they use to run their offices.

About Lone Wolf Real Estate Technologies: Lone Wolf is North America's #1 industry technology leader with over 5,300 offices utilizing their fully integrated solutions. Wolf EX is their state of the art front office system, integrated with over 130 MLS boards. The Realty Management System (RMS) is their complete back office accounting system and Global Wolf offers leading edge website solutions. Wolf Watch is a division offering bookkeeping services and rounding off their product line is a comprehensive membership/franchise management program called Wolf Tracks.
